KANAS.

KANAS, UTAH, March 11, 1902.

EDITOR TIMES:

B. V. Pack visited the Woodland and E. Thomas the Oakley Mutuals Sunday evening in the interest of the young men.

James H. Burbridge lost a saddle a short time ago. He would like very much if the borrower would return it when he is through using it. It was missed the same night that a barrel of bacon was also stolen. A few other things were also taken, but were found later.

The Kanab people were in luck to have the thing office to fall back on for a meeting house. We had a very good meeting last Sunday. Notwithstanding the loss of our meeting house, all felt well, and judging from the expression of the saints, we would not be surprised to see another meeting house erected by next winter. The ward teachers will visit the people this week and ascertain their feelings in regard to erecting a new building. There is no blame attached to any one for the burning of the church. The files were being cleaned out, and just how and where the fire started is not positively known, although many opinions are expressed in regard to the matter. Nothing could be done to check the fire and we simply had to stand by and watch it. It made the people of Kanab, as well as those of the surrounding towns, feel bad to say what was in them then. "Kanas House" go up in flames.

MARION, UTAH, Mar. 11, 1902.

EDITOR TIMES:

L. C. Larson is very sick at this writing.

Mrs. Letha Anderson spent last week visiting friends at Kanab.

James A. Woolstenhulme had the misfortune to lose one of his work horses last night.

Mrs. May Simpson of Kanab is spending a few days with Mrs. Alice Simpson of this place.

Nathan Vernon is just able to be out again after suffering for some time with the grippe.

Mrs. and Mrs. J. O. Smith went to Salt Lake City on the 8th to spend a week or so visiting with relatives and friends.

Nearly all the children who had the measles are well now and it is to be hoped they will not break out again here.

Mrs. Daniel Lewis, Sr., J. K. Lemmon and James Woolstenhulme went to Oakley today to attend the funeral of Mr. Stevens.

Boys seem to think Marion an all right place at the rate they are arriving here. One arrived at the home of Henry Lewis and another at George Wainpole's on the 10th. All doing nicely.

Mrs. J. A. Woolstenhulme presented her husband with a beautiful baby boy on the 6th inst. Mrs. Woolstenhulme is not as well as could be expected but we hope it will not be long until she is well again.

It is to be regretted that some one in Marion has made an error, because of being devoid of information on the present method of criticizing school teachers, i. e., the authority the person should have before taking upon him (herself) a responsibility. A thorough study of the laws pertaining to the school system and also considerable study on the

present method of teaching might be suggested as a means to do away with his ancient ideas and may possibly weaken his mind is the fact that we are all more or less subject to errors because of mental deficiency.

County Superintendent Blucher visited our school Friday and put an end to the difficulty that has been stirred up concerning the school. May our teacher continue to have the success she has had in the past. Is our wish.

While Mr. and Mrs. J. W. Larsen were at Park City last Wednesday their little daughter fell with the baby in her arms and he lit on the oven door, that had just been dropped down, consequently the little fellow is burned very badly. He is seriously ill at present through the effects of it.

William Myrick and Miss Martha Hoyt are to be married tomorrow at 2 o'clock at the home of Mrs. E. H. Hoyt and a grand reception will be given in their honor at the same place tomorrow evening from 7 p. m. to eleven. We all join in wishing them a long, happy, and prosperous married life.

EDITOR TIMES:

Frank and Albert Wright left here on Sunday for Coalville to attend the trial of Mrs. Copley vs. the U. P.

The weather of late has been so moderate that cattle are able to range out some, and hence need only light feeding of hay.

Will Rees seems to have fully recovered from the measles, and as no other cases have developed it is probable that the disease is over with.

State Superintendent Hansen was the visiting missionary at the meeting last Sunday, and occupied the time to good advantage. It is much regretted that the train did not stop at Castle Rock, but carried Elder Hansen on to Washpit, from where he was under the necessity of walking back in the snow storm and mud.

Verdict of Jury in the Case of Mrs. Copley vs. Union Pacific.

The trial of the suit of Mrs. Hannah E. Copley vs. the Union Pacific Railroad company was commenced last Monday morning and lasted until Thursday night, when the jury returned a verdict for the plaintiff in the sum of \$10,775.

Mrs. Copley's attorneys were Lindsay Rogers, W. H. White and C. A. Callie, and the railroad company was represented by Judge Le Grande Young and Henry Shields. The case excited much interest, the courtroom being crowded every day during the trial. Every point in the case was fought from the time that the selection of a jury began until the arguments were concluded. One of the attorneys for the company, after the jury retired, remarked that it was one of the hardest fought cases that he had ever been engaged in.

Judge Stewart delivered his charge to the jury about ten o'clock Thursday morning. Attorney Callie then made the opening argument for the plaintiff. He was followed by Judge Young for the defense and Attorney Rogers closed for the plaintiff. The verdict gives general satisfaction.

Following is the names of the jurors: Samuel Brinson, A. J. Crawford, George M. Beckstead, Thomas Davis, Ole Olson, John Garrett, W. P. Richards, John L. Miles.

The following business was disposed of Monday:

Fisher vs. Rosecamp; plaintiff moved to file an amendment to complaint, and the same was continued.

Stevens vs. Evans; continued for term. Johnson vs. U. P. Coal company; amended complaint filed and plaintiff given thirty days to answer.

The case of Kate Johnson vs. Park City was commenced yesterday and witnesses are being examined as we go to press.

A very high class program will be rendered by some of the most talented in the musical line, combined with our rising artists in dramatic. An excellent time is assured all.
